## Details of Curriculum

At Vishwankar Public School Education is not learning of fact, but training of mind to think. VPS believes that “A child mis educated is a child lost” and we aim to create the new student community which should win everyone without defeating anyone.

The Nursery teaching broadly uses the Play Way Method to teach the curriculum. Through this method, teachers facilitate students to understand basic concepts of language and numbers thus giving them the first lessons in Life Skills. The Play Way Method is further reinforced by hands-on activities conducted in and out of the classroom. Field Trips, Nature Walks, Celebrations of Festivals, Topic-based Projects and Experiments form a regular and integral part of learning-through-doing.

The school follows the CBSE curriculum from classes 1 to 5 and uses NCERT books from Grade 6 for various subjects.

The academic year began with an additional section in Kindergarten and in Grade I. An orientation programme was conducted for the Kindergarten and Grade 1 parents of the Preparatory, to help them get acquainted with the class routine.

We strive for excellence in everything we do. We provide a learning environment that allows every student to thrive as an individual. Excellent performance is not an exception but an expectation at High.

We would like to touch base with some of the improvements in infrastructure and facilities brought about in the past one year. We established a computer lab and library to meet the requirements of our students.
