## Details of Curriculum

At Vishwankar Public School, Education is not learning of fact, but training of mind to think. VPS believes that “A child mis-educated is a child lost” and we aim to create the new student community which should win everyone without defeating anyone.

The Nursery teaching broadly uses the Play Way Method to teach the curriculum. Through this method, teachers facilitate students to understand basic concepts of language and numbers thus giving them the first lessons in Life Skills. The Play Way Method is further reinforced by hands-on activities conducted in and out of the classroom. Field Trips, Nature Walks, Celebrations of Festivals, Topic-based Projects and Experiments form a regular and integral part of learning-through-doing.
